OFFICIAL NOTES.

Items Picked Up in Official Circles—Appointments of Notaries—Deputy Clerk for the District Court—Business at the Executive Office.

Since Miss Crane, the private secretary at the executive office, has been on leave, a great deal of work is piling up in the office. Governor Otero receives on an average about 60 letters per day from all sections of the territory and all parts of the country on all sort of business and matter connected with New Mexico. It stands to reason, having no private secretary at present and having many other official calls upon his time, that answering letters is rather slow work at present and that people writing to the executive office must be patient and bide their time. All the letters will be answered as soon as the governor finds time so to do.

Chief Justice Mills telegraphed this morning that he will reach Raton tomorrow morning and go to Las Vegas. It is understood, he will at once on arrival in that city be sworn in and make some appointments and then come over to this city for a day or two. Gov. Otero will meet him tomorrow at Raton, but will return tomorrow evening to the capital.

A meeting of the board of regents of the Agricultural college at Mesilla Park has been called for March the 9th, at which is reported an attempt will be made to enter into long time contracts with the members of the present faculty of the college.

It is understood, that Mr. Ralph E. McFie, son of Judge McFie, will be named as deputy clerk of the District court by Clerk Bergers. The young man is a graduate of the Agricultural college at Las Cruces and a competent stenographer and typewriter, bright and active.

Mr. Emilio Solignac has been confirmed as register of the U. S. land office at Las Cruces.

The governor this morning, being Valentine day, appointed the following notaries public: Manuel A. Pino, San Acasio, Socorro county; C. F. Peterson, Blossburg, Colfax county; W. H. Wilcox, Wagon Mound, Mora county; Jose L. Montoya, Tierra Amarilla, Rio Arriba county; Jose M. Garcia, Santa Fe, Santa Fe county; Antonio A. Sedillo, Albuquerque, Bernalillo county; Julio Cisneros, La Joya, Socorro county.

MINOR CITY TOPICS.

U. S. weather bureau forecast for New Mexico: Fair tonight and Tuesday.

The last of the course of lectures by Hon. L. B. Prince, Tuesday, February 15, at the court house.

The good citizen never postpones the payment of his taxes or fails to vote when election day comes around.

The probabilities now are that the United States court of private land claims will adjourn, on Thursday.

No expense will be spared by the committee on arrangements to make the dance given by the Bon Ami club, next Thursday, a success.

Mr. and Mrs. Charles Palmer mourn the loss of their 10-months' old baby. The little one was buried at Fairview cemetery yesterday afternoon.

Hon. Jose D. Sena called at the New Mexican office and stated that there was no truth in the report that he was a candidate for appointment as clerk of the Territorial Supreme court.

J. B. Lamy has begun making the repairs needed on his building on the east side of the plaza for the reception of the jewelry store of Captain J. R. Hudson. A new floor and a new front will be put in.

This breezy day of grace is presumed to have been presided over by Saint Valentine. Doubtless the wind aided him very much in distributing his annual assortment of love missiles about town.

The business men of Santa Fe should see to it that a first-class daily stage line is established between this city and Bland before the blue birds and robins begin their annual concerts in the historic plaza.

Among the names mentioned for the Republican nomination for the mayoralty at the coming city election are those of Major Fred Muller and City Treasurer Sam Cartwright. Excellent suggestions these indeed.

Mysterious item in the Albuquerque Citizen concerning Albuquerque people: "The whole town is talking about the forthcoming scandal in high life, which, according to latest accounts, is sure to break forth in a few days. The climate works wonders."

Make up your mind to hear the historical lecture by ex-Governor Prince on "Espino and Onate," at the court house, on Tuesday evening. The proceeds will be devoted to helping forward the good work of the Woman's board of trade.

Before the 1st of April, Bland will be connected with the world at large by a perfect system of telephone and telegraph.—Bland Herald. And the system mentioned will be operated between the Capital city of New Mexico and the metropolis of the Golden Cochiti mining district.

A new coat of paint would improve the Plaza hotel building greatly and fixing up the premises about the hotel

would be a good thing for its business. The hotel with proper work can be made a paying summer hotel and ought to enjoy a good patronage this coming summer.

The interests of the city demand that the public schools be continued for at least three months more before the bright and active youngsters are turned loose on the town for the long summer vacation. The board of education should give this matter very earnest attention and dig up the necessary funds if possible.

The story of Marshal Ney, Father Gay's old schoolmaster, hear it tonight at the court house. It will prove most fascinating and romantic, and withal a true story, as Father Gay is able to prove by books and documents which he will exhibit. At 8 o'clock sharp: admission 25 cents at the door.

A somewhat sensational rumor is afloat about town that an exceedingly rich vein of silver ore has recently been discovered by some Mexican prospectors up on Palace avenue above the old brewery. The ore is said to run very high in the white metal. The New Mexican will look into the matter.

The city marshal is entitled to a vote of thanks for the careful manner in which he cleaned up the streets, on Saturday afternoon. The New Mexican will be pleased to credit him with similar good work every day this week. This paper always prefers to praise than to condemn.

Like Nowell, who was arrested and jailed last week, charged with having willfully run over and seriously injured Mrs. Leonarda Romero with his hack, was released from custody yesterday morning on a \$500 bond. The injured woman's physician says that she will probably recover.

The bridges in the city are still in a deplorably dilapidated and discreditable condition, demanding the immediate attention of the authorities. The New Mexican intends to keep hammering away on this subject until the hammers of workmen begin to make music at the different city bridges.

Do you know what place was first proposed for a capital of New Mexico? It was not Santa Fe or Chama or Pecos or Socorro. Of course it was not one of the newer towns such as Albuquerque, Las Vegas or Las Cruces. Attend the last of the course of lectures by Hon. L. B. Prince—he will tell you. Under the auspices of the W. B. T. Admission 50 cents.

For the first time in 15 years has the county of Santa Fe paid all of its expenses in full for a year. All county accounts for the year 1897 have been paid. This is partly due to the provisions of chapter 42 of the session laws of the last assembly partly because all delinquent taxes prior to 1895 have been turned into the general county fund, partly because Collector Muller has collected taxes closely and paid over honestly and partly because the Republican board of county commissioners is honest and economical.

Mr. and Mrs. Arthur Seligman, of this city, were the happy recipients of an exceedingly welcome and lively valentine at their Palace avenue home this morning just as the hands of the fateful dial marked 2 o'clock. It took the fascinating form of a dimpled darling of the male persuasion and manifested immediate signs of health and vigor that promise well for the young man's future.

Hon. J. Amado Lucero and wife are here from Espanola. The children of County Clerk Atanasio, Romero, who have been visiting with them for some time, have also returned home.

Ex-Governor W. T. Thornton left yesterday for Las Cruces, where he remains today, going thereafter to El Paso and Mexico on mining business. He expects to be absent two or three weeks.

Mr. W. H. Weeks, of La Jara, Colo., who has been in the employ of the Santa Fe railway company as night operator, came in on Saturday night on his way home. He registered at the Bon-Ton.

Captain Marion Blane, manager of the Mary Mining company's smelter at Cerillos, was at the Claire yesterday afternoon in conference with Directors Vaughn and Manley.

Geo. L. Wyllis, clerk of the Territorial Supreme court, was a passenger south yesterday to Las Cruces on business connected with the Sluder estate. Thence he goes to El Paso and may extend his trip into Mexico before returning.

Thomas B. Allen and W. C. Launy, insurance men, have rooms at the Palace. They are from Denver and are here on business in compliance with the territorial law requiring deposits from insurance companies with the territorial treasurer.

CITY MEAT MARKET BURNED.

Premature Barbecue on Lower Frisco Street
About 2 O'clock This Morning—Loss
About \$2,800.

About 2 o'clock this morning, Henry Smith, the well known cutter for the City Meat market, who was sleeping in a room adjoining and back of the market named, was awakened by the unmistakable crackling of fire. He instantly sprang from his bed and almost immediately discovered that the hallway between his room and the market as well as the interior of the market itself were a mass of flames. He promptly aroused Attorney Ortiz, who was sleeping in his office across the hall from the market, and the latter gave the alarm by ringing his six-shooter several times.

The fire department and many nearby residents promptly responded to the alarm and the energetic and efficient work that ensued not only prevented the fire from spreading but saved the building from total destruction.

The interior of the market and hallway were badly charred, most of the tools contained in the market were ruined and a large quantity of beef, pork, mutton and sausage were prematurely roasted in readiness for a barbecue that had not been previously announced. Henry Smith also lost nearly all of his clothing, valued at about \$100, and the other employees of the market lost most of their personal effects.

The market was owned by H. S. Arnold, who went to Watrous on Saturday to buy cattle and will not reach Santa Fe until this evening. His loss on stock and tools is estimated at about \$1,800 with insurance in Lankard's agency amounting to \$1,000. The loss on the building, owned by the Kirschner estate, will probably not fall short of \$1,000.

The City Meat market will immediately be reopened in the building next south of the New Mexican office.

It appears that the fire originated in the rear of the building, probably from live coals that were carelessly emptied out with ashes.

Investigation also reveals the fact that the building was not insured. The policy on the building had been permitted to lapse.

FREE TO MILLIONS.

A Valuable Little Book Sent Free for the Asking.

Medical books are not always interesting reading, especially to people enjoying good health, but as a matter of fact scarcely one person in ten is perfectly healthy, and even with such, sooner or later sickness must come.

It is also a well established truth that nine-tenths of all diseases originate with a breaking down of the digestion, a weak stomach weakens and impoverishes the system, making it easy for disease to gain a foothold.

Nobody need fear consumption, kidney disease, liver trouble or a weak heart and nervous system as long as the digestion is good and the stomach able to assimilate plenty of wholesome food.

Stomach weakness shows itself in a score of ways and this little book describes the symptoms and causes and points the way to a cure so simple that anyone can understand and apply.

Thousands have some form of stomach trouble and do not know it. They ascribe the headaches, the languor, nervousness, insomnia, palpitation, constipation and similar symptoms to some other cause than the true one. Get your digestion on the right track and the heart trouble, lung trouble, liver disease or nervous debility will rapidly disappear.

This little book treats entirely on the cause and removal of indigestion and its accompanying annoyances. It describes the symptoms of Acid Dyspepsia, Nervous Dyspepsia, Slow Dyspepsia, Amylaceous Dyspepsia, Catarrh of Stomach and all affections of the digestive organs in plain language easily understood and the cause removed.

It gives valuable suggestions as to diet and contains a table giving length of time required to digest various articles of food, something every person with weak digestion should know.

No price is asked, but simply send your name and address plainly written on postal card to the E. A. Stuart Co., Marshall, Mich., requesting a little book on Stomach Diseases and it will be sent promptly by return mail.

BOARD OF UNDERWRITERS SATISFIED

Manager Burns Writes Solicitor General That His Construction of Insurance Deposit Law Will Be Complied With.

Mr. M. J. Burns, of Denver, manager of the board of fire insurance underwriters for Colorado, Wyoming and New Mexico, writes the appended pleasant letter to the solicitor general of New Mexico:

Dear Sir,—We are in receipt of your esteemed favor of the 1st inst., in reply to ours of the 29th ultimo, asking for an official opinion as to the meaning of the last clause of the insurance deposit law. The letter just received is a clear and intelligent answer to our inquiry, and I desire to thank you very kindly for it. No retaliatory action on the part of fire insurance companies has been contemplated, so far as I am aware, and indeed little good ever comes from such action. So far as this office is concerned, we desire simply to have a distinct construction of the law placed before us, and to then conform to it in letter and spirit. Thanking you again for your kindness, I am yours very truly,

M. J. BURNS, Manager.

This letter was written in reply to the opinion of the solicitor general, recently printed in the NEW MEXICAN, as to the right of the insurance companies to increase rates.
